By Appointment.

TUCK'S POST CARD

CARTE POSTALE — POSTKARTE

An Old Garden. In the view are seen some of the stones of various shapes and sizes which are in Japan used so largely in the construction of a garden. One stone wrongly placed would upset all the repose and balance of the picture. Stones of good colour, shape, and proportion are by the wealthy Japanese brought together from all parts of the Empire, and these stones, with their various names and attributes, are a study in themselves.

(FOR ADDRESS ONLY.)
